

ServiceDesk

ORDER FORM

Name of person placing order and/or to be contacted at business

Name of business (as it should appear on ServiceDesk marquee)

Street Address

City, State and Zip

Telephone (voice)

Telephone (fax)

Indicate the county (or counties) covered by your service territory (this is the area we'll draw into your DispatchMap, and for which we'll include street names in your custom StreetList). If you cover less than all of any county, provide a sketch or other description to guide us in defining your territory)

If applicable, indicate the map or map-book your techs use (so we may create page and grid references from them). If it's a small publisher, please include name and contact info.

Quantity of techs for whom spaces should be included in DispatchMap

E-Mail Address

Please choose the option you prefer:

Direct purchase at \$6,000 (or \$^{place discounted price}) We'll not charge this until your package is shipped, and you may return within 30 days for a full refund.

To calculate your small-company discount on direct purchase (if applicable), subtract the number of techs in your operation from 11, then multiply the difference times \$300. The result is your direct purchase discount amount, and may be subtracted from \$6,000 to achieve your total discounted price.

Rent-to-own at \$300.00 (or \$^{place discounted rate}) per month for 24 months. May cancel at any time, or convert to full purchase. First charge not applied until product is shipped.

To calculate your small-company discount on rent-to-own (if applicable), subtract the number of techs in your operation from 11, then multiply the difference times \$15. The result is your discount amount, and may be subtracted from \$300 to achieve your discounted, per-month rent-to-own rate.

Unless mailing with full payment by check, please provide credit card info:

Visa, MC or Discover #

Expiration date

Name on Card
